Per questo catalogo *BAGA progress* ho preferito la ristampa integrale dell'edizione 2007.

Tutti i prodotti illustrati in queste pagine sono frutto delle mie idee e del mio lavoro di ricerca. In loro vive tutta la passione e l'artigianalità con cui sono stati realizzati, senza cancellare relazioni con le qualità artistiche e culturali dei maestri artigiani di Firenze.

Essi rappresentano la storia e la continuità dell'azienda oggi distribuita con il mio nome.

I've opted in favour of a complete re-printing of the 2007 catalogue for this Baga progress edition. All the products illustrated in these pages are the fruit of my ideas and research work. Great passion and craftsmanship have gone into the making of these products, which also embrace all the artistic and cultural relationships with Florentine master artisans.

They represent history and the continuity of the company that is now distributed with my name.
